DESCRIPTORS: \*Geography, Philosophy,

The author defends V. A. Anuchin's efforts to develop  
the theory of unity of geography based on Marxist-  
Leninist philosophy. Konovalenko finds that Americans  
are closely following the theoretical discussion in Soviet  
geography because they, too, are supposedly searching  
for a methodological foundation of a unified geography.  
He holds that Soviet geography, by developing such a  
theory on a Marxist basis, can win followers within the
